

## **TARIFE PENTRU ANALIZE DE LABORATOR**

| <b>Nr.crt.</b>     | <b>Tip serviciu</b>  | <b>Tarif</b> | <b>Contractat</b> |
|--------------------|--|--------------|-------------------|
| <b>HEMATOLOGIE</b> |  |              |                   |
| 1.                 | Hemoleucograma completa – hemoglobina, hematocrit, numaratoare eritrocite, numaratoare leucocite, numaratoare trombocite, formula leucocitara, indici eritrocitari | 12.30        | X                 |
| 2.                 | Numaratoare reticulocite   | 2.60         | X                 |
| 3.                 | Examen citologic al frotiului sanguin  | 16.00        | X                 |
| 4.                 | VSH  | 2.20         | X                 |
| 5.                 | Timp de coagulare  | 2.60         | X                 |
| 6.                 | Timp de sangerare  | 2.50         | X                 |
| 7.                 | Timp Quick, activitate de protrombina  | 6.20         | X                 |
| 8.                 | INR (International Normalised Ratio)   | 7.20         | X                 |
| 9.                 | APTT   | 10.80        | X                 |
| 10.                | Determinare grup sanguin ABO (la gravida)  | 6.79         | X                 |
| 11.                | Determinare grup sanguin Rh (la gravida)   | 7.09         | X                 |
| 12.                | Anticorpi specifici anti Rh (la gravida)   |              |                   |
| <b>BIOCHIMIE</b>   |  |              |                   |
| 13.                | Uree serica  | 5.10         | X                 |
| 14.                | Acid uric seric  | 5.10         | X                 |
| 15.                | Creatinina serica  | 5.20         | X                 |
| 16.                | Calciu ionic seric   | 6.80         | X                 |
| 17.                | Calciu seric total   | 4.60         | X                 |
| 18.                | Magnezimie   | 4.60         | X                 |
| 19.                | Siderimie  | 6.20         | X                 |
| 20.                | Glicemie   | 5.10         | X                 |
| 21.                | Colesterol seric total   | 4.90         | X                 |
| 22.                | Trigliceridele serice  | 6.20         | X                 |
| 23.                | HDL colesterol (numai in HTA)  | 6.80         | X                 |
| 24.                | LDL (numai in HTA)   | 6.80         | X                 |
| 25.                | Lipide totale serice   | 5.30         | X                 |
| 26.                | Proteine totale serice   | 6.00         | X                 |
| 27.                | TGO  | 5.10         | X                 |
| 28.                | TGP  | 5.10         | X                 |
| 29.                | Fosfataza alcalinica   | 6.80         | X                 |
| 30.                | Fibrinogenemie   | 12.10        | X                 |
| 31.                | Gama GT  | 7.20         | X                 |
| 32.                | LDH  | 7.60         | X                 |
| 33.                | Bilirubina totala; directa   | 5.10         | X                 |
| 34.                | Electroforeza proteinelor serice   | 13.10        | X                 |
| 35.                | Electroforeza lipidelor serice   |              |                   |
| 36.                | VDRL   | 4.80         | X                 |
| 37.                | RPR  | 4.80         | X                 |
| 38.                | Confirmare TPHA  | 10.70        | X                 |
| 39.                | Test Gutthrie  |              |                   |
| 40.                | Determinare litiu  |              |                   |
| 41.                | Hemoglobina glicozilata  |              |                   |
| <b>IMUNOLOGIE</b>  |  |              |                   |
| 42.                | ASLO   | 10.10        | X                 |
| 43.                | Factor reumatoid   | 8.30         | X                 |
| 44.                | Proteina C reactiva  | 9.45         | X                 |
| 45.                | IgA seric  | 12.80        | X                 |
| 46.                | IgE seric  | 12.50        |                   |
| 47.                | IgM seric  | 13.20        | X                 |
| 48.                | IgG seric  | 12.90        | X                 |
| 49.                | Imunofixare  |              |                   |
| 50.                | Crioglobuline  |              |                   |

|  |       |   |
|--|-------|---|
| 51. Complement seric   | 9.60  | X |
| 52. Depistare Chlamydii  |       |   |
| 53. Depistare Helicobacter Pylori  |       |   |
| 54. Testare HIV (la gravida)   |       |   |
| 55. TSH  | 18.00 | X |
| 56. FT4  | 18.50 | X |
| <b>EXUDAT FARINGIAN</b>  |       |   |
| 57. Cultura (inclusiv antibiograma pentru culturi pozitive)                  | 14.30 | X |
| 58. Cultura fungi  | 7.60  | X |
| <b>EXAMENE SPUTA</b>   |       |   |
| 59. Examen microscopic native  | 4.60  | X |
| 60. Examen microscopic colorat – Ziehl Neelsen                               | 13.10 | X |
| 61. Examen microscopic colorat Gram  | 6.20  | X |
| 62. Cultura (inclusiv antibiograma pentru culturi pozitive)                  | 14.00 | X |
| 63. Cultura fungi  | 7.50  | X |
| <b>ANALIZE DE URINA</b>  |       |   |
| 64. Examen complet de urina (sumar + sediment)                               | 8.20  | X |
| 65. Examen microscopic colorat – Ziehl Neelsen                               | 12.40 |   |
| 66. Urocultura (inclusiv antibiograma pentru culturi pozitive)               | 17.60 | X |
| 67. Dozare glucoza urinara   | 4.00  | X |
| 68. Dozare proteine urinare  | 5.10  | X |
| <b>EXAMENE MATERII FECALE</b>  |       |   |
| 69. Examen coproparazitologic (3 probe)                                      | 10.70 | X |
| 70. Coprocultura (inclusiv antibiograma pentru culturi pozitive)             | 19.00 |   |
| <b>EXAMENE DIN SECRETII VAGINALE</b>   |       |   |
| 71. Examen microscopic native  | 4.20  | X |
| 72. Examen microscopic colorat   | 5.40  | X |
| 73. Examen Babes-Papanicolau   |       |   |
| 74. Cultura (inclusiv antibiograma pentru culturi pozitive)                  | 17.30 | X |
| 75. Cultura fungi (inclusiv fungigrama pentru culturi pozitive)              | 16.10 | X |
| <b>EXAMENE DIN SECRETII URETRALE, OTICE, NAZALE, CONJUNCTIVALE SI PUROI</b>  |       |   |
| 76. Examen microscopic colorat   | 5.40  | X |
| 77. Cultura (inclusiv antibiograma pentru culturi pozitive)                  | 17.30 | X |
| 78. Cultura germeni anaerobi (inclusiv antibiograma pentru culturi pozitive) |       |   |
